GALWAY BUSINESS CHANGED THE WAY OF MY LIFE

ROHIT KUMAR **LDD** Saharsa, Bihar

Friends, every person's life reaches a turning point where a single decision has the power to transform everything. For Rohit Kumar, that life-changing decision was joining Galway Business. Hailing from Saharsa district in Bihar, Rohit joined Galway Business in April 2011 and from that very day, his struggle-filled life began writing a new chapter of success.

Today, Rohit Kumar is not only a successful leader but also a role model for his team and thousands of Galwians. His journey is living proof that with the right platform, the right mindset and consistent hard work, an individual can rise from ordinary circumstances to achieve extraordinary success. By earning the title of Distributor of the Month, he

 NOR CIRCUMSTANCES CAN ALTER THEIR PATH
 BECAUSE THOSE WHO BELIEVE IN GALWAY BUSINESS

has once again proved that Galway is a place where dreams become reality. His story is not just about reaching success; it is about transforming himself and building a completely new identity.

A Strong Foundation Built Through Struggles

Like many ordinary individuals, Rohit Kumar's life was full of challenges from the beginning. Born into a simple family, he grew up amidst financial limitations and understood early on that his existing circumstances would not be enough to overcome the challenges of the future. He wanted to do something that would give his hard work the right direction and his dreams the wings they deserved. Those wings came through the vast sky of Galway when his younger brother

showed him the path to success.

The biggest turning point in Rohit's life came when his younger brother, Raja Kumar, introduced him to Galway Business. At that time, Rohit was pursuing his studies while also working in Agra. However, his job was neither fulfilling his financial needs nor offering any path toward achieving bigger dreams. It was then that Raja Kumar inspired him to join Galway Business.

Since Rohit had already witnessed his brother's success and improved lifestyle, he did not take long to make his decision. In April 2011, he started a journey with Galway Business that eventually led him to success. Initially, he believed it was simply a way to earn money. But over time, he realized that Galway was much more than that, it was a life-changing system.

Rohit says that if he had not taken that decision at that time, he would probably still be living an ordinary life filled with financial struggles. Today, through Galway Business, he has earned the respect, recognition and financial stability he once only dreamed about.

Message for the Team
To become big, you must first dare to dream big

Rohit Kumar shares that there was a time when he simply lived according to circumstances. He was even afraid to dream big. But Galway Business completely

transformed his life. Today, he is self-reliant, confident and recognized as a successful leader in society. According to him, Galway not only gave him financial strength but also the confidence to stand before people and lead a team. Through his hard work and belief, he purchased his dream bike and car. Today, he and his brother Raja Kumar together own four bikes, two Scorpio Cars and the beautiful dream house they always wished for.

Thanks to Galway's travel bonuses and business offers, he has also traveled to beautiful destinations such as Goa, Shimla and Nainital. For his outstanding performance, he has been honored multiple times by the company's directors and has also received opportunities to host major events. Rohit says that the recognition received on stage is not just an award; it is the victory of hard work, belief and dreams.

Success Through Training, Products and System

Rohit Kumar admits that his initial days were far from easy. He faced rejection, criticism and negative comments from people around him. Many told him that this business would never work. However, instead of giving up, he decided to improve himself. He consistently attended training programs, followed the

system and never stopped learning.

Earlier, he could not even speak confidently in front of people. Today, the same Rohit has become a confident leader who motivates thousands. He believes that success does not come overnight; it comes from improving yourself every single day.

He learned every important skill, including product retailing, team building, presentations and leadership. According to him, the right training and the right system convert hard work into smart work. By effectively utilizing social media, one-to-one meetings and

team meetings, he continuously expanded and strengthened his network.

Rohit considers Galway products to be one of the strongest foundations of his success. He personally uses the products and earns people's trust by sharing their benefits. He believes that only when we trust the products ourselves can we gain the trust of others.

Today, Galway is not just Rohit Kumar's business; it has become a family business. His younger brother Raja Kumar and his wife Priyanka Priya are also working at the RD rank. Together, the two brothers have built a strong network in Galway. Through teamwork and strict system-following, their entire family is touching new heights of success. Rohit believes that when a family works together toward common dreams, success becomes even more meaningful and beautiful.

Soaring Toward Bigger Dreams

Today, Rohit Kumar's dreams are bigger than ever before. He wants to purchase prime land in the city and build a luxurious home for his family. He also dreams of achieving Galway Travel and taking his family on international trips to beautiful destinations such as Dubai and Europe.

Buying a Toyota Fortuner is another major goal on his dream list. His next business target is to achieve the GDD rank and earn between 5 lakhs and 10 lakhs per month. He firmly believes that through hard work, system-following and continuous learning, he will definitely achieve this milestone. Rohit always shares one message with his team: work consistently, follow the Galway system with sincerity and stay motivated. He also encourages everyone to create a Dream Corner at home so that they can see their dreams every day and stay inspired to achieve them. Rohit Kumar's story is an inspiration for everyone who wants more than just an income, those who dare to think big, move forward with confidence and turn their dreams into reality.

The beginning of turning dreams into reality starts with the first step. Galway Bike Bonus extends abundant good wishes on behalf of Galway to all the achievers who have fulfilled their dream of buying their dream bike in the month of May, 2026. Congratulations and best wishes to them and Their Upline & Downline as well, as their journey to making these dreams come true has been supported by both.

Thanda-Thanda Hair Oil & Icey Cool Talc THE SUPER-COOL SOLUTION FOR SUMMER

When the sun starts blazing and the air is filled with scorching heat, water alone is not enough, your body and mind also need cooling and relief. In India, rising temperatures every year are no longer just a seasonal concern; they have become a challenging lifestyle reality. According to the Indian Meteorological Department (IMD), the number of heatwave days has increased consistently over the past few years. Health experts believe that excessive heat first impacts the scalp, body and mental well-being. This is why people constantly look for cooling solutions that provide comfort and freshness. Keeping this need in mind, Galway Rupabham Thanda-Thanda Hair Oil emerges as an excellent cooling hair-care solution for the summer season. It is a premium-quality hair oil that combines the soothing power of herbs with advanced cooling science.

Thanda-Thanda Hair Oil

The biggest highlight of Galway Rupabham Thanda-Thanda Hair Oil is its balanced cooling formula. It contains cooling ingredients such as Menthol and Camphor blended with beneficial herbal extracts. Menthol provides an instant cooling sensation on the scalp, helping reduce the feeling of heat and heaviness. Camphor is well known for its soothing and refreshing properties.

In addition, the oil contains a unique blend of nine natural herbs including Amla, Bhringraj, Jatamansi, Japapushpa, Nagarmotha, Lata Kasturi and Henna. These herbs are known for their cooling and calming properties that help relax the mind and promote mental comfort. The oil not only strengthens the hair but may also help provide relief from headaches and fatigue. In other words, it not only cools the scalp but also helps keep hair soft, smooth and manageable.

Why Scalp Cooling Is Important

Skin experts believe that excessive heat can increase scalp discomfort, excessive sweating and loss of natural hair shine. When the scalp remains hot for long periods, people may experience irritability, fatigue and mental heaviness. This is why cooling scalp massages are gradually becoming an important part of modern self-care and wellness routines.

The cooling effect of Galway

Thanda-Thanda Hair Oil helps provide freshness and comfort to the scalp. It can be especially beneficial during summers for students, field workers, professionals working outdoors and people who travel extensively every day.

Today, consumers prefer multipurpose products that go beyond grooming and also offer relaxation and freshness. Galway Rupabham Thanda-Thanda Hair Oil meets this modern need perfectly. After a long day under the sun, a gentle head massage with this oil can provide an instant feeling of freshness and relaxation. Its cooling fragrance and herbal quality create a comforting experience that helps reduce the feeling of heat-related fatigue, headaches and stress. Using it before bedtime can also become a soothing relaxation ritual during hot summer nights.

What Makes It Special

- Special cooling formula with Menthol and Camphor
- Blend of herbal ingredients
- Helps keep hair soft and easy to manage
- Provides freshness and cooling comfort to the scalp
- Suitable for all hair types

Galway Icey Cool Talc

During summer, scalp care alone is not enough, skin care is equally important, as heat-related skin discomfort can become a major concern. Excessive sweating, stickiness and rising body heat can affect daily comfort and activity levels.

This is where Icey Cool Talc comes in as a refreshing body care companion. Make every day pleasant with the cooling freshness of mint and the soothing fragrance of sandalwood in Galway Rupabham Icey Cool Talc. The natural cooling properties of mint help provide relief from heat, while the soothing aroma of sandalwood helps reduce body odor caused by perspiration and leaves the body feeling cool, refreshed and pleasantly fragrant. The peppermint present in the talc helps the skin feel fresh and energized, while the sandalwood fragrance provides long-lasting comfort.

Its lightweight formula helps absorb excess moisture and sweat, allowing the skin to remain dry, fresh and comfortable for longer periods. For best results, apply Galway Rupabham Icey Cool Talc after bathing on the neck and other parts of the body that are prone to sweating.

What Makes It Special

- Refreshing cooling sensation of peppermint
- Soothing sandalwood fragrance
- Helps absorb excess moisture and sweat
- Helps keep the skin fresh and comfortable
- Excellent for daily use

Meditation: The master key of New Energy, positivity & Happy Life

In today's fast-paced and hectic world, maintaining mental peace, a positive mindset and inner energy has become a significant challenge. In such times, meditation is not merely a practice, but an effective means of living a better life.

By shielding an individual from stress, meditation renders the mind calm, focused and positive. It plays a pivotal role in boosting self-confidence, strengthening decision-making abilities and establishing balance in life. When the mind is at peace, an individual is better able to recognize their true potential and pursue their goals with greater enthusiasm.

The Self-Empowerment Program, operating under the aegis of the Galway Foundation, is dedicated to realizing this very objective. By connecting people with the practice of meditation, this program fosters their physical, mental and emotional growth. Through the SEP, individuals are not only empowering themselves but are also taking strides toward a healthy, positive and successful lifestyle.

Remember: change in life does not begin from the outside, but from within. Dedicate just a few minutes each day to meditation and discover the boundless potential hidden within you.
